Kenneth L. Bontrager, John Lampignano : Bontrager's Handbook of Radiographic Positioning and Techniques - E-BOOK before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bontrager's Handbook of Radiographic Positioning and Techniques - E-BOOK:

0 of 0 people found the following review helpful. Not helpful on siteBy froggerwayThe book was bigger sized than the

scrub pocket I wanted to carry it in so it wasn't really helpful on rotations. 1 of 1 people found the following review helpful. Somewhat happy. By Mrs Price Description said spiral bound which the book wasn't. The cover of the book I received was totally different than the one advertised. The pages match up identically but I wanted the spiral book due to less wear and tear. 1 of 1 people found the following review helpful. Five Stars By Customer Love it so much I bought a second for my employees.

"The various components contained in this handbook are presented in seamless combination and with a clarity becoming of a much larger work. The book is worthy of recommendation for all those interested in the strengthening and honing of their core radiographic skills." Reviewed by: RAD Magazine, Barry K Denton, acting radiology services manager, Hywel Dda University Health Board, Wales Date: July 2014
