**Loretta Horton : Calculating and Reporting Healthcare Statistics, 3rd Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Calculating and Reporting Healthcare Statistics, 3rd Edition:

1 of 1 people found the following review helpful. simplifiedBy MaxineReally good textbook and easy to keep up with the key areas of statistics. I would recommend this book to anyone in the field. I will keep as a reference for my future in healthcare.1 of 1 people found the following review helpful. Another Poor Product from AHIMABY CustomerPoorly written and overpriced. Only people who would buy this are taking a class where AHIMA has required. Instructors, get some stones.1 of 1 people found the following review helpful. College Textbook - statsBy ShannonHated this class, but book was straightforward enough.
