**Teresa Holler : Cardiology Essentials** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cardiology Essentials:

0 of 0 people found the following review helpful. Print quality varies, Some pages are so lightly printed ...By Mary MarshallPrint quality varies, Some pages are so lightly printed it is difficult to read. Also, this book is ou dated. A newer updated edition is due. Many concepts remain true but medicine is always changing.0 of 0 people found the following review helpful. Five StarsBy susan wehnervery helpful. concise, but enough up to date information0 of 0

Cardiology Essentials offers practical advice from a seasoned cardiology physician assistant on how to be an efficient, competent member of the cardiology team. This handbook will provide the basics of how to care for the most common cardiac conditions encountered in clinical practice. Oftentimes, the supervising physician is inaccessible during a medical crisis. This handbook supplies the practicing PA/NP with the critical information and confidence they need to handle such crises when they arise. Written in an easy-to-read format, this book allows the PA/NP or student to read the book and immediately feel at home in the world of cardiology.
