ReveiwBy Robert mulkeyThis book did not help me very much and was confusing and I did not understand it muchReview0 of 0 people found the following review helpful. Very disappointed since the title looked like it would be of ...By Kiki CarThis is a pamphlet, not a book. Plus the audience and references are definitely local (the Carribbean) and not national which wasn't indicated anywhere in the write-up.

Very disappointed since the title looked like it would be of interest to my son graduating college. Not very encouraging when the advice for interviewing is to be upfront about your criminal record (!?)

Many students complete their secondary schooling unsure of the career path they wish to pursue. Still very few complete post-secondary education knowing their chosen career path. Information to guide students on choosing their career paths is not readily available locally. The few career guidance showcases put on by the school system falls short of providing meaningful information for students. The importance of knowing at an early stage the pathway to a chosen career is invaluable as it saves time, worry, anxiety and financial resources. This is where Dawn French and her Careers series come in. Whether you are a parent, a student or someone looking to a new career, this series provides invaluable information on the common career pathways in Saint Lucia. The information presented is simple to understand and straight to the point. The series provides information on academic qualifications/skills requirements, educational institutions, scholarship/financial aid opportunities, an interview primer and potential employment opportunities. I encourage everyone interested in pursuing a career to get their hands on a copy of their chosen Career book. This little investment will pay off huge dividends in the long term as it will guide you in pursuing your chosen career.
