American Public Health Association, American Academy of Pediatrics : Caring for Our Children: National Health and Safety Performance Standards: Guidelines for Early Care and Early Education Programs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Caring for Our Children: National Health and Safety Performance Standards: Guidelines for Early Care and Early Education Programs:

0 of 0 people found the following review helpful. Required by Division of Child Development By Debra H. Prater To thick to find quick information. 0 of 0 people found the following review helpful. Excellent book! By Kindle Customer This book is a "must have" for anyone who works in the field of child care. Following these standards will

allow any program to be the best it can be. Any parent who reads this can gain a greater perspective over their child's life both in the home setting and in the child care setting. Trainers can use this book to more effectively show best practice. This is recommended for parents, teachers, trainers...anyone involved in the lives of children. 0 of 0 people found the following review helpful. I recommend for all centers in the United States to purchase ...By Megan McCaslin I would choose this text over the State Codes for reasons of detail and organized, clear and consistent unlike PA codes. I recommend for all centers in the United States to purchase for their center or classroom. worth every penny
