**Peggy A. Rossi BSN MPA CCM CPUR : Case Management in Health Care: A Practical Guide** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Case Management in Health Care: A Practical Guide:

0 of 0 people found the following review helpful. Three Stars By Margaree Lee-Gibson Needs more information 1 of 1 people found the following review helpful. Good book By Sara Zuluski Reference it a lot 1 of 2 people found the following review helpful. Case Management in Health Care By Odie Bacon This is a great resource as case manager and a helpful resource I used study for the CCM exam. I would recommend this book to nurse case managers.

This hands-on manual covers the increasingly important area of case management in comprehensive, up-to-the-minute detail! It not only offers the field's most clinically focused coverage of the subject, but also provides practical details

on a range of specific diagnoses. CASE MANAGEMENT IN HEALTHCARE focuses on the case management processes, interventions, and collaborations that are vital to guiding patients through the continuum of care. This book emphasizes the how-tos needed in specific clinical situations. It also prepares students to manage the pitfalls and barriers that are frequently encountered in practice.
