2 of 2 people found the following review helpful. Useless bookBy BUCKSBook is absolutely useless. If you were teach to get a 3rd grader how insurance works and how to bill, this book wouldn't even be sufficient. I do not recommend wasting your money on purchasing this book. In fact, I returned this book and have yet to see credit to my card and that was a month ago.0 of 0 people found the following review helpful. okBy IdaMae Deverswas ok, not quit what I was hoping for, it is helping me figure outsome billing for a mental health practice4 of 5 people found the following review helpful. Where's the beefBy John BeecherI was disappointed with this book. I had thought it would give me more information about how to fill out a HIPPA 1500 form to bill insurance companies. It didn't have

anything about CPT codes and a lot of pages were lists of diagnosis categories about diagnosis that I could have gotten from my DSM IV R. I wanted more details about billing but was left hungry.

A complete guide in simple to understand language for submitting chiropractic insurance claims and getting them paid correctly. Covered are chapters on workers comp and auto claims, Medicare and Medicaid, experimental and investigational treatments, modifiers, modalities, orthotics, submitting and tracking the claims and payments. Also included in this 128 page instructional book are 20 completed chiropractic claims.

About the Author Mother and daughter Alice Scott and Michele Redmond are co-owners of Solutions Medical Billing Inc. in Rome NY. In addition to billing for over 50 providers across the United States, Alice and Michele are often used as consultants for medical providers helping them with issues such as follow-up, credentialing, coding and other issues to help improve office functionality. They offer an informational website on medical insurance billing at <http://www.solutions-medical-billing.com/> where they keep you up to date on all the changes in the medical billing field. Alice and Michele are the authors of numerous books, e-books, and articles and they offer a free monthly newsletter. When they started their business in 1994 there was little information available on medical billing. Since then they have been dedicated to helping others in the field. Alice being an entrepreneur her entire life and Michele's background with a national insurance company gave them the unbeatable combination needed for a successful business.
