Neil J. Davies DC Cert Clin Chiro Paeds FICC FACC, Joan Fallon DC FICCP : Chiropractic Pediatrics: A Clinical Handbook, 2e before purchasing it in order to gage whether or not it would be worth my time, and all praised Chiropractic Pediatrics: A Clinical Handbook, 2e:

0 of 0 people found the following review helpful. Five StarsBy Daniel RothenbergGood book

This evidence-based text relates clinical chiropractic management to pediatrics, with coverage of the key aspects of syndromes most commonly seen by chiropractors working with children. It outlines the essential history-taking, physical assessment, diagnosis and management for each syndrome, while addressing relevant pathology of pediatric conditions. An essential reference source for both chiropractic clinicians and students. Chapters have been radically restructured for the new edition in line with current research and the models of teaching now being used.
