**From Brand: Butterworth-Heinemann : Chiropractic Peripheral Joint Technique, 1e** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chiropractic Peripheral Joint Technique, 1e:

Chiropractic Peripheral Joint Technique is an essential and accessible text for all students and practitioners of chiropractic, osteopaths, physiotherapists and other manual therapists. Edited by a leading author in the field, Chiropractic Peripheral Joint Technique includes much new work and innovations for treating peripheral joint problems in addition to a catalogue of the traditional chiropractic techniques. This new book concentrates on the peripheral joints (e.g. shoulder, knee etc.) and will be a useful ready reference on chiropractic technique for both the student beginning clinical work and the busy practitioner. A chapter is also included on the temporo-mandibular

joint. An essential and accessible text for all students and practitioners  
Extensively illustrated with over 400 illustrations  
Highly practical approach, ideal for speedy reference when a problem is encountered
