James Braly : Dr. Braly's Food Allergy and Nutrition Revolution before purchasing it in order to gage whether or not it would be worth my time, and all praised Dr. Braly's Food Allergy and Nutrition Revolution:

0 of 0 people found the following review helpful. Love love loveBy W. CovertLove love love! This book was recommended to my by my holistic doctor. This book is phenomenal! It's great for curing your issue/ disease, no matter what the problem is. It is very thorough in teaching you which supplements to take for which problems and how much to take. It talks about life style, of course, not just supplements. It address children as well. I highly

recommend it!!!0 of 0 people found the following review helpful. I lost 21 pounds in a couple months and family told me I never looked healthierBy Donna33935I found this book on the clearance rack years ago and started to read it. I soon found that it made more sense than anything else I have ever read. I had the test, started not eating the things I was allergic to and had extraordinary results. I felt better than I had in years and friends and family noticed, When I couldn't find it (loaned it out most likely) I purchased another one from . I won't loan this one out.0 of 0 people found the following review helpful. Five StarsBy CustomerGood info!

More than 25 major disease states -- including arthritis, addiction, epilepsy, ulcers, obesity, and kidney problems -- and hundreds of symptoms are caused or worsened by sensitivity reactions to common foods. This treatment program that has helped more than 10,000 patients.
