Must have for the job. this is what you need to take the cdis exam. good luck! 1 of 1 people found the following review helpful. Five Stars By PI22 This book helped me greatly as I started a new career in clinical documentation. 0 of 0 people found the following review helpful. Fast Shipping! By Stacy L Gentile The ring on the top side of the book was bent when I opened the package. I can still open and use the book without too much trouble. It may have been the cardboard packaging that caused this.

The DRG Expert has been a trusted and comprehensive reference to the DRG classification system for over 25 years. Organized by major diagnostic category (MDC), the convenient and innovative book layout follows the logical MS-

DRG decision process. This is a must-have reference for those who need to verify DRG information and accurately assign MS-DRGs concurrently or retrospectively.
