Optum360 : DRG Expert 2017 before purchasing it in order to gage whether or not it would be worth my time, and all praised DRG Expert 2017:

1 of 1 people found the following review helpful. Five StarsBy DCGreat and precise.1 of 1 people found the following review helpful. Good, solid spiral ringsBy RTGood, solid spiral rings. This book is heavy and bulky but no way around that with all of the information it holds I suppose...As always with Optum references, since I use them daily, I would love for them to come tabbed for quick reference. I'd rather spend my time reading and applying the info than adding tabs and sticky notes. Can't believe that I'm saying this, but I'd even pay a little more for a pre-tabbed version.
