Michael J. Rudzinski, J. Fred Bennes : Drug Information Handbook for Physician Assistants, 2000-2001 before

purchasing it in order to gauge whether or not it would be worth my time, and all praised Drug Information Handbook for Physician Assistants, 2000-2001:

3 of 3 people found the following review helpful. Great reference!By A CustomerThis book is fantastic for the PA--a complete reference for any PA!

...covers over 3,600 medications...each monograph contains up to 24 key fields of information, including pediatric and adult dosing with adjustments for renal/hepatic impairment, labeled and unlabeled uses, special PA uses, and much more.

....not only provides significant information about specific drugs, but also useful, pertinent information directed at physician assistants. -- Advance for Physician Assistants, January 2000
