**Kathryn A. Booth RN MS, Thomas Edward O'Brien Allied Health Program Chair : Electrocardiography for Healthcare Professionals** before purchasing it in order to gage whether or not it would be worth my time, and all praised Electrocardiography for Healthcare Professionals:

0 of 1 people found the following review helpful. Five StarsBy CustomerGreat book good condition0 of 1 people found the following review helpful. Five StarsBy Rachel M.Just what I needed0 of 1 people found the following review helpful. Four StarsBy Valerie Balzano HoweStudents and instructors seem happy with this text

Electrocardiography for Health Care Professionals provides ECG skills training for health care students as well as health care personnel who are interested in mastering additional skills. The text includes the essential skills needed to perform an ECG, including anatomy of the heart, basic characteristics, equipment, appropriate intervention, and other technical applications, such as Holter monitoring and stress testing. Emphasis throughout the text is placed on

troubleshooting.

About the Author Kathryn A. Booth, RN-BSN, RMA (AMT), RPT, CPhT, MS is a registered nurse (RN) with a masters degree in education as well as certifications in phlebotomy, pharmacy tech, and medical assisting. She is an author, an educator, and a consultant for Total Care Programming, Inc. She has over 30 years of teaching, nursing, and healthcare experience that spans five states. As an educator, Kathy has been awarded the teacher of the year in three states where she taught various health sciences, including medical assisting in both a classroom and an online capacity. Kathy serves on the AMT Examinations, Qualifications, and Standards committee, as well as the advisory board for two educational institutions. She stays current through working at various practice settings as well as obtaining and maintaining certifications. Her larger goal is to develop up-to-date, dynamic healthcare educational materials to assist her and other educators and to promote healthcare professions. In addition, Kathy enjoys presenting innovative new learning solutions for the changing healthcare and educational landscape to her fellow professionals nationwide.
