Margret K. Amatayakul, MBA, RHIA, CHPS, CPHIT, CPEHR, FHIMSS : Electronic Health Records, Fourth Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Electronic Health Records, Fourth Edition:

7 of 7 people found the following review helpful. Not for the beginnerBy Denise B.Teachers, please don't put your students through a class with this text. It is not written for the beginner. It is very difficult to understand the concepts the way this book is written. There has got to be something better out there that puts the ideas in language that a beginner can grasp. I am 3/4 of the way through a class using this text and I feel only slightly more knowledgeable than I did when I started; and that is only because of the lectures.0 of 0 people found the following review helpful. HelpfulBy Armesha HawthorneI'm passing my class because of this book, a very knowledgeable book and good for health care world. Yay it's a keeper0 of 0 people found the following review helpful. Three StarsBy Josephine AmeyiborBook was course related, Had too many markings and highlighted pages.
