National Research Council, Division of Behavioral and Social Sciences and Education, Committee on National Statistics, Panel on DHHS Collection of Race and Ethnic Data : Eliminating Health Disparities: Measurement and Data Needs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Eliminating Health Disparities: Measurement and Data Needs:

Disparities in health and health care across racial, ethnic, and socioeconomic backgrounds in the United States are well documented. The reasons for these disparities are, however, not well understood. Current data available on race, ethnicity, SEP, and accumulation and language use are severely limited. The report examines data collection and reporting systems relating to the collection of data on race, ethnicity, and socioeconomic position and offers recommendations.
