The book its self is good, but the kindle formatting is horridBy CustomerThe book its self is good, but the kindle formatting is horrid, there are no page numbers, no scroll bar, and the search function is broken. Really should be a pdf version.

The most complete and up-to-date text on the art and science of embalming Sponsored by the American Board of Funeral Service Education Comprehensive and thoroughly updated in this fifth edition, Embalming: History, Theory,

and Practice is the leading text in the field. The trusted classic covers the long history of embalming, explains embalming theory, and describes present practice, including the latest trends.
