**Nancy L. Caroline : Emergency Medical Treatment: A Text for Emt-As and Emt-Intermediates** before purchasing it in order to gage whether or not it would be worth my time, and all praised Emergency Medical Treatment: A Text for Emt-As and Emt-Intermediates:

0 of 0 people found the following review helpful. Simply written EMT levelBy manicmedicDoes not overload and confuse but clearly explains in clinical and non-clinical terms. Easy to recommend to all EMT or training to be EMT's. Treatment plans may be dated but AP doesn't change.

This text designed for use in EMT-A and EMT-Intermediate courses. Each chapter includes learning objectives, boxed summaries, flow charts, glossaries, skill evaluation checklists, and case histories - all of which reinforce a thorough understanding of prehospital emergency care skills.
