Jeffrey T. Lindsey Ph.D, Richard Patrick : Emergency Vehicle Operations before purchasing it in order to gage whether or not it would be worth my time, and all praised Emergency Vehicle Operations:

1 of 1 people found the following review helpful. Excellent Resource for any EVOBy BatChief04This has been an excellent book to have for any training officer to utilize when creating an Emergency Vehicle Operator's training program for their department. As the training officer for a small combination fire department, this book provides the foundation for quality driver's training program by providing insight relevant to a department's standard operations. Any new driver should be required to read this.0 of 0 people found the following review helpful. Three StarsBy CustomerI didn't end up needing the book for my class at all.

The authors of this text, some of the best known in the industry on this topic, have written this book to provide guidelines, tools, and standards for safe and professional emergency vehicle operations. This valuable information, gathered from years of experience, references the NFPA 1002-98 code and can be put to use throughout the emergency

responders career.

About the Author Dr. Jeffrey Lindsey is the Fire Chief for Estero Fire Rescue. Additionally, he serves as the education coordinator for 24-7 EMS, and an adjunct instructor for St Petersburg EMS program. He is an experienced leader, educator, lecturer, author, and consultant in emergency services. Dr. Lindsey earned his doctorate and masters degree in Curriculum and Instruction from USF. He holds a bachelors degree in Fire and Safety Engineering from the University of Cincinnati, and an associate in paramedic from Harrisburg Area Community College. Dr. Lindsey has over twenty-eight years of diverse experience in the emergency services industry. He serves as an Advisory Council member for the National EMS Advisory Council and the State of Florida EMS, representative to the Fire and Emergency Services Higher Education EMS degree committee, and as a Vice-Chairman for the Florida Fire Chief Association EMS Section. Richard Patrick is the Division Chief of Health, Safety Training for Estero Fire Rescue in Estero, Florida. He is the past Director of EMS Programs and Emergency Service Initiatives for VFIS, a division of Glatfelter Insurance Group, York, PA, and remains as a consultant to the education, training and consulting division. Rick is a nationally known leader, educator, lecturer, author, speaker and consultant in emergency services. He is a former Chief of EMS in the City of Lebanon, PA. Rick is a certified Paramedic/Firefighter and holds a Bachelor of Science Degree in Engineering Safety with a concentration in Emergency Services, and a Masters Degree in Public Safety Administration from Saint Josephs University in Philadelphia. He is also a small business entrepreneur, involved in local politics, and an alumnus of the Lebanon Valley Chamber of Commerce-Leadership Lebanon Valley program.
