Justice, Joan Kaderavek, Khara Pence Turnbull, Allison Breit-Smith : Emergent Literacy: Lessons for Success (Emergent and Early Literacy)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Emergent Literacy: Lessons for Success (Emergent and Early Literacy):

Emergent Literacy: Lessons for Success is a flexible tool designed for speech-language pathologists to enhance emergent literacy intervention for preschool and kindergarten-age children. The book includes 90 lessons addressing key areas of emergent literacy: phonological awareness, print concepts, alphabet knowledge, emergent writing, inferential language, and vocabulary. These lessons are suitable for use in clinical settings as well as in collaboration

with classroom teachers. Also included are an overview of emergent literacy, differentiation recommendations, and suggestions for lesson integration across the key areas.
