Daniel J. Limmer EMT-P : EMR Complete: A Worktext before purchasing it in order to gage whether or not it would be worth my time, and all praised EMR Complete: A Worktext:

0 of 0 people found the following review helpful. Good purchase. Helps getting prepared for ClassBy Maryland OutdoorsmanCame in handy for preparing for my EMR class my son and i signed up for3 of 3 people found the following review helpful. Taking the class will say more when done with and pass the classBy Sandy CarterGreat worktext, also has an internet site to, get more study guides, tests, medis, charts ect.. I would recomend this text. Be sure you ready all of and complete the workbook part, it will help you do well on the tests.0 of 0 people found the following review helpful. Five StarsBy CustomerIt seemed to be in excellent condition

EMR Complete: A Worktext is Bradys first EMR offering that meets the National EMS Education Standards. This worktext is a combination text/workbook that reinforces student learning by enabling students to instantly apply

knowledge throughout a chapter, not just at the end. In addition to the worktext format of the book, several pedagogical components have been integrated to ensure optimal student learning, including: a Navigation Guide, Objectives, Key Terms, Media Resources, Stop, Review, Remember exercises, and Big Picture scene illustrations. Review, Practice Examinations, Critical Thinking sections, and Case Studies reinforce key concepts and require the student to apply what they have learned, making this a true worktext. The knowledge and skills presented in this text maintain the perspective of the most important person in the EMS System—the one who arrives first.

From the Back Cover *EMR Complete: A Worktext*, 1/e Dan Limmer *EMR Complete: A Worktext* is Brady's first EMR offering that meets the recently updated National EMS Education Standards. This worktext is a combination text/workbook that reinforces student learning by enabling students to instantly apply knowledge throughout a chapter, not just at the end. He is active as a paramedic with Kennebunk Fire-Rescue in Kennebunk, Maine. A passionate educator, Dan teaches basic, advanced, and continuing education EMS courses throughout Maine. He previously taught at the George Washington University in Washington, DC, where he coordinated international EMS education programs, and at the Hudson Valley Community College in Troy, New York. He is a charter member of the National Association of EMS Educators. Dan has also been involved in law enforcement, serving both as a dispatcher and police officer in Colonie, New York. Dan received several awards and honors in law enforcement including the distinguished service award (officer of the year), life saving award, and three command recognition awards. He served in the communications, patrol, juvenile, narcotics, and training units in the police department. Dan retired from police work in New York but remains active as a police officer on a part-time basis in Maine. In addition to authoring numerous EMS journal articles, Dan has co-authored numerous EMS texts including *Emergency Care*, *First Responder A Skills Approach*, *EMT Complete: A Basic Worktext*, *Advanced Medical Life Support*, and the *Active Learning Manual for EMTs*.
