Jeffrey T. Lindsey Ph.D : EMS Safety and Risk Management (Paramedic Care) before purchasing it in order to gage whether or not it would be worth my time, and all praised EMS Safety and Risk Management (Paramedic Care):

EMS Safety and Risk Management is designed to assist EMS providers in the reduction of line-of-duty injuries, illnesses, and fatalities. For information on teaching and learning resources, please contact your Brady representative. Teaching and Learning Experience Provides a framework for developing programs that will create an appropriate margin of health and safety during the performance of EMS duties.

About the AuthorDr. Lindsey is the Fire Chief for Estero Fire Rescue. Additionally, he serves as the education coordinator for 24-7 EMS, and an adjunct instructor for St Petersburg EMS program. He is an experienced leader,

educator, lecturer, author, and consultant in emergency services. Dr. Lindsey earned his doctorate and masters degree in Curriculum and Instruction from USF. He holds a bachelors degree in Fire and Safety Engineering from the University of Cincinnati, and an associate in paramedic from Harrisburg Area Community College. Dr. Lindsey has over twenty-eight years of diverse experience in the emergency services industry. He serves as an Advisory Council member for the National EMS Advisory Council and the State of Florida EMS, representative to the Fire and Emergency Services Higher Education EMS degree committee, and as a Vice-Chairman for the Florida Fire Chief Association EMS Section.
