Inc. BarCharts : Emt- Emergency Medical Technician (Quick Study Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Emt- Emergency Medical Technician (Quick Study Academic):

11 of 11 people found the following review helpful. Great tool By Amanda Meeks I used this to help me study for the NREMT, and..... I PASSED!!! This has a wonderful refresher amount of info and is great for an at a glance cheat sheet! 2 of 2 people found the following review helpful. A must have for EMT students By Tiffany MA amazing quick reference guide. Bought for my husband while he was EMT school. All his classmates were jealous of it and ended up ordering their own. Even the teacher was surprised how much good info this had. 3 of 3 people found the following review helpful. Read your book!!! By Kyle Furfaro Artificial ventilation are wrong!

Dont go through your EMT training course without this handy reference! Packed with valuable information on scene size-up and patient assessment, this guide is an essential study tool for EMTs in training and an excellent refresher for EMTs already in the field. This guide also features a large section on anatomy, physiology, and pathophysiology of all major body systems, along with common disorders and injury management. Helpful illustrations and tables are included for quick reference.
