Edited by Richard M. Stern, Edited by Tim L. Tinker Edited by David J. Briggs : Environmental Health for All: Risk Assessment and Risk Communication for National Environmental Health Action Plans (Forestry Sciences) (Paperback) - Common before purchasing it in order to gage whether or not it would be worth my time, and all praised Environmental Health for All: Risk Assessment and Risk Communication for National Environmental Health Action Plans (Forestry Sciences) (Paperback) - Common:

The development of National Environmental Health Action Plans has become a major initiative in Europe, with 51 countries now committed to introducing plans by the new millennium. This book reviews the experience in formulating these plans, and examines and assesses the technical and psycho-sociological tools available to support such plans.
