Hannah Burgon : Equine-Assisted Therapy and Learning with At-Risk Young People before purchasing it in order to gauge whether or not it would be worth my time, and all praised Equine-Assisted Therapy and Learning with At-Risk Young People:

This book provides an overview of the field of Equine-Assisted Therapy and Learning and gives a powerful account of a research study charting the experiences of seven 'at-risk' young people attending a pioneering Therapeutic Horsemanship centre in the UK. The book includes a foreword from Leif Hallberg, author of *Walking the Way of the Horse* .
