Chiropractors see more skin than any other primary health provider, and have a perfect opportunity to make early diagnoses of serious skin conditions, such as malignant melanoma. In order to provide comprehensive patient care, chiropractic physicians must have a solid foundation of dermatology. Essentials of Dermatology for Chiropractors is the first dermatology text designed specifically for chiropractic students and professionals. Essentials of Dermatology for Chiropractors is a full-color reference on general dermatology for chiropractors and chiropractic students. With over 200 full-color photos and illustrations it is also a valuable resource for understanding the natural and complementary treatments available for many common skin disorders.
