Jaime Gofin, Rosa Gofin : Essentials Of Global Community Health (Essential Public Health) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Essentials Of Global Community Health (Essential Public Health):

0 of 0 people found the following review helpful. Useful introductory textbook. By Jo G. Useful introduction into community-based health care. Rented this for class, so I didn't choose this as leisure reading, but it does a good job as an introductory textbook. 0 of 0 people found the following review helpful. Five Stars By Mary W. StudiousGood reference.

Essentials of Global Community Health offers current and future clinicians, public health professionals, and administrators a comprehensive resource on providing community-oriented health care. This essential reference delves into the individual, family, social, and global determinants that shape a community's health. Combining theory with

practical application, *Essentials of Global Community Health* provides step-by-step guidance on interventions that promote health and prevent disease at the community level. With 16 structured case studies that span the globe from Cambodia and Chad, to Moldova, Israel, Spain, and others *Essentials of Global Community Health* explains and illustrates how principles of Community-Oriented Primary Care (COPC) and Community-Oriented Public Health (COPH) work in diverse settings worldwide. Jaime and Rosa Gofin bring 40 years of academic and field experience to bear in this text by offering a complete framework for putting community health into practice. *Essentials of Global Community Health* features a step-by-step framework for integrating individual care and public health. A comprehensive resource on COPC and COPH. Illustrative examples and summary tables, plus study and review questions to reinforce concepts. A complete package of instructor and interactive student resources available online. Looking for more real-life evidence? Check out Cases 3, 7, 13, 17, 20 in *Essential Case Studies in Public Health, Putting Public Health into Practice*.
