Julia A. Jackson : Ethics, Legal Issues and Professionalism in Surgical Technology before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ethics, Legal Issues and Professionalism in Surgical Technology:

1 of 1 people found the following review helpful. Looks just like a new book By Naomi It came two days earlier than expected. Looks just like a new book! 0 of 0 people found the following review helpful. Thanks By Kary Wohlrab Thanks so much for having the book(s) I needed so I can start a new chapter in life. I will buy from you again :)

Ethics, Legal Issues and Professionalism for Surgical Technology introduces you to key, non-technical aspects of professional practice. Understanding and applying the proper concepts regarding ethics, legal issues, and professionalism is vital for a surgical technologist. This book offers you a foundation in these principles so you can make the right decisions and perform in a manner that renders the highest quality patient care possible. You will

develop a base of knowledge in the fundamentals of ethics and legal issues and then progress through theory on moral reasoning, human value development and the bio-psychosocial needs of the patient. Controversial topics will be introduced for analysis and discussion. From there, you move on to legal terminology, sources and types of law, legal doctrines, and liabilities. The final section focuses on professional practice and exposes you to the basic knowledge and behaviors a professional must have.

Section I: Ethics Chapter One: Introduction To Ethics Chapter Two: The Role Of Morality In Decision Making Chapter Three: Specific Ethical Issues Section II: Legal Concepts Chapter Four: Concepts In Professional Practice Law Chapter Five: Health Law And Regulations Chapter Six: Risk Management And Liability Section III: Principles Of Professionalism Chapter Seven: Professional Practices Appendix A Professional Standards Of Conduct For Surgical Technologists Appendix B Hippocratic Oath Appendix C Organ And Tissue Donation By Religious Affiliation Appendix D Real Life Cases
