This handy chart offers clear guidance through the complex process of coding for newborn services in the inpatient setting. Through numerous scenarios, decisive guidelines are given on how to code for the initial and subsequent days when a newborn's situation changes. Transfer of care, intensive and critical care codes, and circumstances where multiple physicians are needed for care are all covered by this quick reference tool. This 12rdquo; x 17rdquo;

chart is fully updated for 2016 and laminated for extra durability.
