Anita K Simonds : NON-INVASIVE RESPIRATORY SUPP before purchasing it in order to gage whether or not it would be worth my time, and all praised NON-INVASIVE RESPIRATORY SUPP:

In this text practical aspects of nasal intermittent positive pressure ventilation, negative pressure ventilation, CPAP, and other non-invasive respiratory support methods in adults and children are described, and the indications for treatment outlined. This book should be of interest to respiratory physicians, anaesthetists, physiotherapists.
