1 of 3 people found the following review helpful. Good review of EBM from Cochrane's perspectiveBy Bruce_in_LACochrane was a pioneer in EBM. This is a set of essays about his work and career and recent

perspectives. Separately, you might also want his original book on "Efficiency and Effectiveness". The original UK edition was probably never popular in the US, but reprinted versions are available. (The original is NOT included in this compilation of essays).

Leading researchers in health care write about Archie Cochrane and his work, examining the legacy he left in research methods that have begun to revolutionise policy making and the delivery of health care today. Includes chapters on epidemiology, effectiveness, efficiency, equity, and evolution
