Horace W. Davenport : Not Just Any Medical School: The Science, Practice, and Teaching of Medicine at the University of Michigan, 1850-1941 before purchasing it in order to gage whether or not it would be worth my time, and all praised Not Just Any Medical School: The Science, Practice, and Teaching of Medicine at the University of Michigan, 1850-1941:

Not Just Any Medical School details the establishment of the University of Michigan Medical School. It provides a picture of its students, curriculum, amphitheaters, laboratories, hospitals, and patients as seen through the eyes of its

leading faculty members and documented by their published works, lecture notes, and other primary and secondary sources.
