I've tried years and years to find a sleep remedy to assist in falling asleep faster. This book was just the cure. Simply lay in a comfortable position, open to page 1, and before you get to page 2, you'll be out like a light! Works perfect! All joking aside, the book arrived from seller in good shape. It is an interesting book for grad school purpose. 0 of 0 people found the following review helpful. Great Book By Joanne S.
