The favorite in nursing assistant education, NURSING ASSISTING: A NURSING PROCESS APPROACH, 11E prepares more nursing assistants for meaningful careers in acute care, long-term care, and home health than any other book of its kind! The step-by-step format walks you through more than 150 procedures, including key skills in patient handling and transfers, wound care, communication, safety, and record keeping, as well as special care procedures for patients with medical devices, catheters, and physical or mental impairments. Easy-to understand chapters also take

you through the essential background information nursing assistants need to know, such as basic human anatomy, career planning, and the latest health care trends. Updated throughout, this edition has numerous carefully chosen new full color photos and illustrations to bring the content to life. Designed to make learning fun and easy, **NURSING ASSISTING: A NURSING PROCESS APPROACH, 11E** is the perfect solution for nursing assisting education.

About the Author Barbara Acello has worked in long-term care for more than four decades. Currently a nurse consultant and educator, she owns a school for nursing assistants, where she helped to write and develop mandatory state curricula for nurse aides and EMTs. She has also written and contributed to dozens of textbooks, instructor guides, quick reference guides, and supplemental instructional materials for health care personnel. Formerly a practicing nurse, Ms. Acello was also a director of nursing and a long-term care facility consultant. Her interests and expertise include clinical geriatrics, resident safety, pain assessment and management, restraints, pressure ulcers, and infection control. She is particularly committed to improving working conditions, education, and professionalism for personnel in the long-term care industry.
