Patricia D'Antonio : Nursing with a Message: Public Health Demonstration Projects in New York City (Critical Issues in Health and Medicine) before purchasing it in order to gage whether or not it would be worth my time, and all praised Nursing with a Message: Public Health Demonstration Projects in New York City (Critical Issues in Health and Medicine):

1 of 1 people found the following review helpful. This is an outstanding history about public health nursing reform ...By SandraThis is an outstanding history about public health nursing reform efforts way before health care reform. Written by a noted historian, the book explores the challenges faced in delivering health care in New York City in the early twentieth century. A must read for health care providers, historians, and anyone concerned about health care today.

Mandated by the Affordable Care Act, public health demonstration projects have been touted as an innovative solution to the nations health care crisis. Yet, such projects actually have a long but little-known history, dating back to the 1920s. This groundbreaking new book reveals the key role that these local health programsand the nurses who ran theminfluenced how Americans perceived both their personal health choices and the well-being of their communities.

"With clarity and historical sophistication, D'Antonio has identified a crucial hiatus in our historical knowledge.This is definitely a timely and important book."
