From Mometrix Media LLC : OAT Practice Questions: OAT Practice Tests Exam Review for the Optometry Admission Test before purchasing it in order to gage whether or not it would be worth my time, and all praised OAT Practice Questions: OAT Practice Tests Exam Review for the Optometry Admission Test:

2 of 3 people found the following review helpful. Pretty simple.By LesThis is just practice questions with answers. All categories are covered which is nice but the answers are not broken down which isn't helpful if you don't understand why the answer is what it is. But, it's a quick practice book if you just need more problems to practice. There's definitely more in depth tests that you can buy elsewhere.0 of 3 people found the following review helpful. Not as I hopedBy j.n.This book helped a little in preparing for the OAT. However, the reading and math sections were far too easy compared to the difficulty level of the actual problems on the OAT. The science sections were good review though.0 of 0 people found the following review helpful. Excellent Study GuideBy Mark SmithConsolidates material in one locationClear, conciseEasy to comprehendEffective study and test taking tipsPractice test helpful in tracking
