purchasing it in order to gauge whether or not it would be worth my time, and all praised Occupational Therapy Evaluation for Children: A Pocket Guide:

0 of 0 people found the following review helpful. Five StarsBy CustomerFast shipping. Item as described. Thanks!0 of 0 people found the following review helpful. Four StarsBy Rachel G.This is a great resource for OT students/practitioners. Clear, concise, straightforward information.0 of 0 people found the following review helpful. Perfect for Pediatrics!By CustomerThis book is very interesting and informative. It's easy to read and yet very detailed!

The purpose of this book is to provide occupational therapy fieldwork students and novice practitioners with a quick guide to evaluation for children. This book will help students and practitioners perform efficient but comprehensive evaluations. Features include a step-by-step guide to the evaluation process, guidelines for selecting appropriate standardized and non-standardized tests, practical advice for meeting documentation requirements, and appendices with a number of sample evaluation reports.
