Bonnie Napier-Tibere EdD MRA OTR/L, Lee Haroun EdD MBA : Occupational Therapy Fieldwork Survival Guide: A Student Planner before purchasing it in order to gage whether or not it would be worth my time, and all praised Occupational Therapy Fieldwork Survival Guide: A Student Planner:

4 of 4 people found the following review helpful. Good but SuperfluousBy AdeleOTThis book is great for students who need an extra boost organizing/planning for fieldwork but was superfluous for me. I found that although the book

had some helpful background info, I could have done without it. Most of the info in the book is obtainable through other sources (e.g. OT school lectures). However, for those who need an extra something to keep them on top of things, this book is for you! 0 of 0 people found the following review helpful. Three Stars By shannon This wasnt the version I received..

This Print on Demand title is available exclusively through Amazon.com. This planner leads students step-by-step toward making a smooth transition from classroom to clinic. It serves as an organizational tool to shift their focus from themselves and their academic grades to the needs of clients/patients.
