From Springer : Oceans and Health:: Pathogens in the Marine Environment before purchasing it in order to gage whether or not it would be worth my time, and all praised Oceans and Health:: Pathogens in the Marine Environment:

0 of 0 people found the following review helpful. Five StarsBy R. KittleAwesome

It is surprising how little is actually known about the fate of wastewater bacteria once they enter the sea. This wide-

ranging work is one of the first to unravel the mechanisms determining bacterial sensitivity or survival under these conditions.
