From LWW : Operative Techniques in Foot and Ankle Surgery before purchasing it in order to gage whether or not it would be worth my time, and all praised Operative Techniques in Foot and Ankle Surgery:

0 of 0 people found the following review helpful. Great book for anyone today is looking into surgical techniques ...By DrmacGreat book for anyone today is looking into surgical techniques for the lower extremity. Not as in depth as mcglamry but pretty close.0 of 0 people found the following review helpful. Great book By DoctorExcellent book. This is a great book for foot and ankle surgeons. I love it. Very precise surgical descriptions. Easy to understand.

Achieve the best outcomes with expert, practical, highly visual guidance! This expert clinical reference features just the foot and ankle surgery content from Operative Techniques in Orthopaedic Surgery, the comprehensive 4-volume set edited by Sam W. Wiesel, MD. Ideal for practitioners who wish to focus on mastering todays best foot and ankle surgery procedures, it you step-by-step through each technique in a consistent manner, using concise, bulleted text,
