Mo Jalie SMSA FBDO(Hons) HonFCGI HonFCOptom MCMI : Ophthalmic Lenses Dispensing, 3e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ophthalmic Lenses Dispensing, 3e:

Using the CD-ROM is a great pleasure on its own the book is excellent, but with the CD-Rom it represents a very powerful learning tool, both for students and those seeking continuing education and training. Optician review of previous edition Lavishly illustrated, this highly successful book has been revised and updated but continues to provide the principles and practice of ophthalmic lens dispensing for all optometrists and dispensing opticians. Written by one of the worlds best-known and most highly acclaimed authors, Professor Mo Jalie, this essential text book is a distillation of his years of experience, wisdom and clinical training. A full-colour design with numerous illustrations presents essential information in an attractive, readily accessible form CD-ROM provides helpful tutorials and explanations of the text, including a new lens design tutorial All the information needed to understand and dispense

ophthalmic lenses is in one volumeContent is based on a highly acclaimed series published in Optician journalA top international expert in the field distils years of experience into a single volumeNew chapter on sports visionUpdated and expanded chapter on progressive lensesUpdated and expanded chapter on safety lensesLatest lens types includedNew material on lens testingCD-ROM contains valuable new animations
