Mark Dutton : Orthopaedics For The Physical Therapist Assistant before purchasing it in order to gage whether or not it would be worth my time, and all praised Orthopaedics For The Physical Therapist Assistant:

0 of 0 people found the following review helpful. This is a poorly written, poorly organized and difficult ...By BjdThis is a poorly written, poorly organized and difficult to read with capriciously variable amounts of information on various topics. Additionally, the answer key leads the learner to incorrect learning.0 of 0 people found the following review helpful. It's OKBy Debbie SinghGood content, but maybe too wordy. Black and white pictures makes it look cheap. Bought but never really used it much. Way too much going on.0 of 0 people found the following review helpful. Why does my Prof love this book?By Joss VanderhoofMy Professor is a Doctor of Physical Therapy and a specialist in Ortho. She loves this book and so do her students!

Orthopaedics for the Physical Therapist Assistant provides the physical therapist assistant (PTA) student with a broad

overview of orthopaedics. This comprehensive text describes the anatomy and biomechanics of each area of the spine, pelvis, and TMJ. Working from this foundation, detailed explanations on the re-evaluation and treatment of each of the various areas are given with an emphasis on techniques that are evidence-based. Features An eclectic approach tying in anatomy, therapeutic exercise and kinesiology to the examination and pathology of each of the joints Terminology following the Guide to Physical Therapist Practice Special chapters on pediatrics, geriatrics, manual therapy, and womens health. End-of-chapter questions for student review and assessment More than 700 illustrations, tables, figures, and photographs An Image Bank with full-color photos * Five appendixes include a guide to conduct for physical therapist assistants, documentation, commonly used abbreviations, common laboratory values, and proprioceptive neuromuscular facilitation terms and techniques. Instructor Resources: PowerPoint Slides, TestBank, Image Bank with color photos
