just starting PA school. She loved it and feels that it is far superior to the other study aids she has tried. Thanks a million from both her and me! 1 of 1 people found the following review helpful. Good Review By whitg1987I purchased this book for my upcoming PANCE in December 2011. It has some very helpful questions with detailed answers. However, I would've like the questions to be organized by either system or sub-speciality (i.e. ortho or peds) rather than randomly. Overall, this is a decent book for quick review (on-the-go) but, I believe that it is simply good for general review, not in-depth review. 0 of 0 people found the following review helpful. Great adjunctive resource! Worth the purchase Very convenient ! Only a handful of questions I found vague or worded in a co By Lisa Feindt Great adjunctive resource! Worth the purchase Very convenient ! Only a handful of questions I found vague or worded in a confusing manner. Quick spot study time well spent.
